ABOUT US

Mupakasi Innovations is a registered local business that operates in different field of services and products. Mupakasi Innovation is managed by qualified business experts who hold master's degrees in various fields with over 10 years business experience. The company has also partnered with MISHAUD company, and the many line of business of this company is to provide architectural works in the field of construction.

Mupakasi Innovation has been into existed since 2015, works and supplies its goods and services to over 100 organizations, as a company we operates both as retailer and agents. However, the company offers a variety range of services and products ranging from: Stationeries and office equipment, building and construction machinery and accessories, Electrical hardware and maintenance equipment, transportation and logistics, printing, and branding. We also run a music studio in Lusaka and in Isoka we run a book store, not only that but we also run a cosmetic shop in Lusaka. These shops are 100% fully in operational since 2022.

Mupakasi Innovations has built a solid reputation for market excellence, drawing on a rich heritage of quality and innovative leadership in the marketplace since its inception. Today, we are an emerging top engineering contractor in the industry. Mupakasi Innovations is a leading producer and supplier of products and services for the construction industry in Zambia. It is this heritage that allows us to posses the strong financial credentials ans stability to build long term partnerships with our customers and offer them full range of diversified construction services, while offering a safe and progressive work environment for our employees.

OUR VISION

To provide foundations for society's future and to become a multidisciplinary construction and project management service provider through delivery of quality and prompt services to a diverse and top tier client base across the country

OUR MISSION

To provide quality general goods and construction services that are contracted, scheduled, engineered, and managed to create maximum value for our customers, owners, employees, and the community and to be the most respected and successfully operated company in our industry.

OUR CORE VALUES

We believe that in order to make a difference, we need to encourage inventiveness, imagination, Improvisation, and teamwork. We believe that there are no limits to what we can accomplish as a team and are always willing to explore new products, markets, and territories. We believe that the strength of our company is the pride and commitment of our customers.

- **Honesty and Integrity:** Each team member maintains the highest ethical standards and acts to protect and uphold the regulations and procedures required to supply and distribute quality products and services.
- **Customer Service :**To build long term, lasting relationships with our customers, each team member is committed to providing quality and cost effective products and services that promote growth and understanding.
- **Quality:** Each team member is committed to administering safe and effective products, along with providing reliable information and service to all our customers.
- **Teamwork:** All members and departments work together in support of one another to move Mupakasi Innovations forward to reach the company's goals and objectives.
- **Innovation:** Each member has a "can do" attitude that manifests itself by creatively turning problems into solutions. This attitude is present at all levels in our company and is applied to all aspects of our operations.
- **Continuous improvement:** Each member promotes and supports continuous efforts that lead to improvements in our processes, products, services

WHY CHOOSE US

We base our relationship on the core values of quality, innovation and integrity. We are committed to attaining one hundred percent customer satisfaction by offering superior quality Work and customer friendly services.

Customer satisfaction is at the heart of everything we do. Our ultimate goal is to find solution to your engineering, construction, consultation, fabrication that is perfect for your needs. As such, we keep up-to-date with the latest technology and invest in state-of-the-art facilities – allowing us to provide the best possible engineering services. We're efficient and reliable. If you have a strict deadline, you can rely on us to get the job done on time. Our team are always happy to help and you can contact us at any time to discuss your project.

GOOD DISTRIBUTION PRACTICE

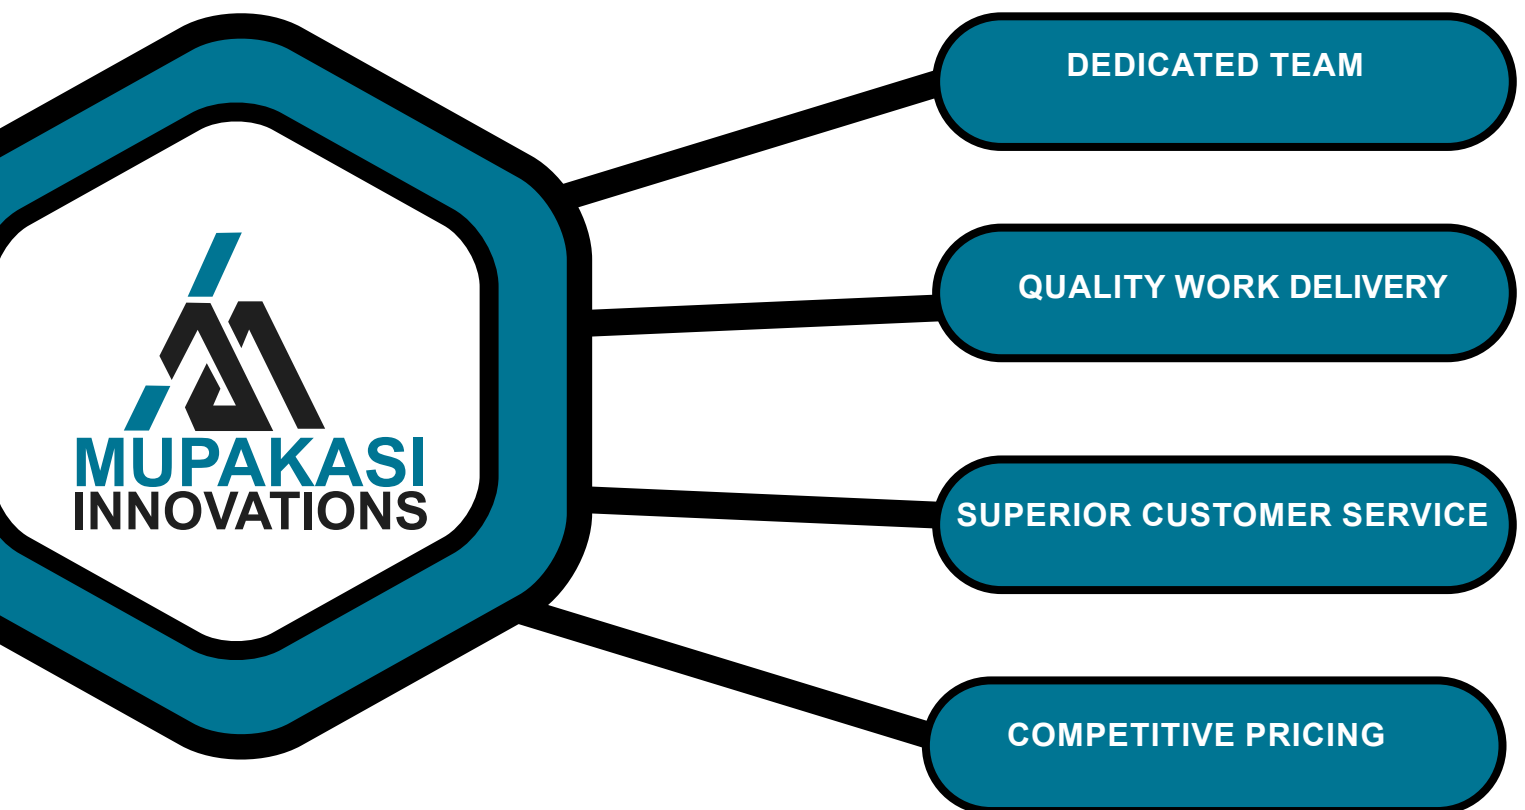

We take great pride in the quality of the products and service that we offer. We source only from certified, reliable and efficient Zambian supplier or manufacturer.

SAFETY

We are fully committed to improving Health, safety and environmental performance across all areas of our business in accordance with ISO 14001, OHSAS 18001

We believe that everyone involved in any project should be able to go home safely at the end of the day to his or her family and friends. Job site safety is taken very seriously. We have adopted a “zero injury” policy, . We are pleased to be able to bring additional value to our clients through lower insurance rates for each project and offering the guaranteed security of unsurpassed safety. Resulting from our deep commitment to safety, we have established numerous innovative programs and approaches, which will be put in place on your project.

This accomplishment is achieved by carefully pre-planning all safety requirements and training needs. At the same time, we lead and require the same from our subcontractors as we continue to monitor and review the safety needs for any project, including pre-task planning regarding job hazard analysis.

Mupakasi Innovations is proactive in our focus on job site safety. Our superintendent along with our safety director will oversee safety programs and training on your site. All on-site personnel will be held accountable for job site safety. Whether a new employee, trade contractor or veteran worker, if they see a hazard or problem they will be empowered and required to fix the problem or inform the superintendent of the hazard.

This effort will provide for an efficient and safe work environment before the task is even started. Crews will know exactly what is being done, who is doing it and what type of tool or equipment is needed for the specific tasks.

OUR CLIENTS

Customers are everything to us so we try best possible to give our greatest effort to support and give good quality products and services to our clients. We provide complete service solutions for every discipline need in Industrial or Non-Industrial project that's why our customers scope came from every line of business.
